This is a letter of support for the Java Project CMP grant. If successful we agree:

- To ensure that sufficient staff (2 recommended) participate in *The Java Project* trainings and facilitate weekly groups throughout the estimated grant period: _____ to _____; ;
- To participate in the project for the entire duration and that funding allocation remains in place regardless of organizational changes and other non-extenuating circumstances;
- That the CMP funding being used to implement this project in our facility will count towards our allowable funding for the category activities to improve quality of life;
- That we understand the project determination review process may take 90 to 120 days, and we will maintain our commitment to this application during the review period.
